REVISIONS TO THE MUTCD

What changed this year based on the proposals from last Summer

Revised Application of a “STANDARD”

Can a STANDARD (a shall statement in the MUTCD) ever be violated?

TARGET COMPLIANCE DATES

- Removed many, some were past, some were future
- Kept some
- Extended a few

RETROREFLECTIVITY

Now required to have a Retro Management Plan in place and in use for Regulatory and Warning signs by June 15, 2014.

Always been required to maintain signs in a condition so that the sign shows the same shape and color both day and night.
